HARITHAA SIVAKUMAR

Full Stack Developer — Java — Spring Boot — Angular — TypeScript — Microservices

8682054746 — harithasivakumar0808@gmail.com — linkedin.com/in/harithaa-sivakumar-3298981b6

PROFESSIONAL SUMMARY

Full Stack Developer with 3 years of experience building scalable cloud-native applications using Java, Spring Boot, and Microservices, with hands-on experience in Angular and TypeScript. Skilled in RESTful APIs, Apache Kafka, Docker, Kubernetes, SQL, MongoDB, CI/CD, and automated deployments. Strong backend development expertise with experience delivering production-ready features in Agile/Scrum environments for enterprise applications.

TECHNICAL SKILLS

- **Backend:** Spring Boot, Spring MVC, Spring Framework, Microservices, REST APIs, JPA/Hibernate, JDBC
- **Frontend:** Angular, TypeScript, HTML5, CSS3
- **Messaging:** Apache Kafka – Topics, Producers, Consumers, Event-Driven Architecture
- **Databases:** MySQL, PostgreSQL, MongoDB, Query Optimization, Indexing
- **DevOps:** Docker, Kubernetes, OpenShift, Jenkins, GitHub Actions, Git, SonarQube, BlackDuck
- **Testing/API:** JUnit, Mockito, Postman, API Gateways, API Validation
- **Architecture/Practices:** SOLID, Controller–Service–Repository, RESTful Design, Agile/Scrum, Code Reviews, Production Support

PROFESSIONAL EXPERIENCE

Full Stack Developer — Tata Consultancy Services **Aug 2023 – Present**

- Developed Java 8+, Spring Boot, and microservices-based backend applications following RESTful architecture and SOLID design principles.
- Developed and integrated responsive frontend screens using Angular, TypeScript, JavaScript, HTML5, and CSS3, consuming RESTful APIs for seamless user interactions.
- Built and integrated RESTful services using MySQL, PostgreSQL, MongoDB, JPA/Hibernate, and JDBC, applying query optimization techniques for high-performance applications.
- Automated application deployments using Docker, Kubernetes, Jenkins, GitHub Actions, and OpenShift while maintaining code quality standards with SonarQube.
- Implemented centralized exception handling, structured logging using SLF4J/Log4j, API validation, and unit testing with JUnit and Mockito.
- Designed and integrated asynchronous, event-driven services using Apache Kafka for scalable inter-service communication.
- Collaborated in Agile/Scrum teams across feature development, code reviews, production deployments, and application support for enterprise banking applications.
- Monitored application logs, managed Docker images, supported production deployments, and performed post-deployment validation to maintain system stability and availability.

KEY PROJECTS

Client Onboarding Management Platform *Java — Spring Boot — JDBC — JUnit*

- Designed and developed end-to-end RESTful APIs using a custom JDBC repository layer with Connection, PreparedStatement, and Result Set for efficient dynamic SQL execution and data retrieval.
- Developed and maintained JUnit test suites with strong code coverage, improving application reliability and reducing production defects.

Payment Operations Replay Platform *Angular — TypeScript — Spring Boot — Kafka — MongoDB*

- Developed and integrated RESTful APIs across microservices using RestTemplate for seamless inter-service communication.
- Designed Apache Kafka topics for scalable, event-driven, asynchronous processing between services.
- Created and optimized MongoDB indexes to improve query performance and support high-volume data operations.
- Developed responsive Angular and TypeScript UI screens enabling Production Support teams to efficiently perform payment replay operations.
- Identified and remediated open-source security vulnerabilities using Black Duck and Snyk.
- Contributed to the migration from the Classic platform to Lightspeed Enterprise by configuring Helm charts and CI/CD pipelines and supporting application deployments through Harness.

CERTIFICATION

- **Oracle Certified Associate (OCA) – Java SE Programmer** — Oracle Corporation

EDUCATION

Bachelor of Technology (B.Tech.) – Information Technology **2019 – 2023**

Sri Manakula Vinayagar Engineering College, Puducherry
